

**AEI TRADE POLICY SEMINAR SERIES**  
**Trade Policy: The Next Four Years**

Wednesday, January 26, 2005, 4:00-5:45 p.m.  
Wohlstetter Conference Center, Twelfth Floor, AEI  
1150 Seventeenth Street, N.W., Washington, D.C. 20036

*What are the prospects for trade policy in President Bush's second term? To answer this question, AEI has recruited four trade policy experts from leading Washington think tanks to give their evaluations and predictions. The aim of the seminar will be twofold: first, to have the panelists set forth their views on major issues and challenges—prospects for the Doha Round, bilateral and regional trade negotiations, East Asia and China, and the politics of trade over the next four years. Second, given their view of unfolding events and trends, what priorities would they suggest for the president and new trade negotiator?*
